

Here Comes the Sun Guitar Tabs and Chords

Hey there, I hope you liked the tutorial, but if you missed the video guitar lesson, make sure you watch it here: <http://www.theguitarlesson.com/premium-guitar-lessons/acoustic-guitar/here-comes-the-sun-guitar-lesson-beatles>

This is a rather difficult song, intermediate-advanced level. Be patient with yourself, you won't be able to play this song overnight. Work at each section separately, slowly at first, and speed up only when you feel you can. Remember that playing fast and sloppy is not OK! You need to play accurately, which takes time and practice.

Chords

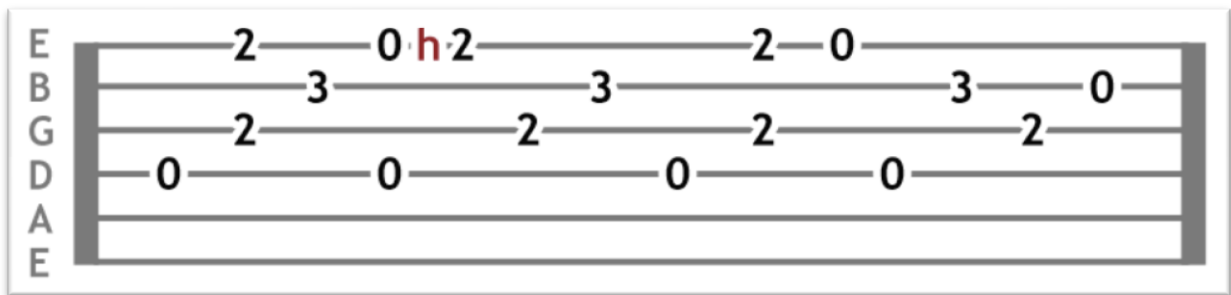

These are the chords you'll be using during Here Come the Sun:
